of all the broken gear i ve bought on ebay i m able to fix about 90 of everything i find it s usually a simple fix if you have a synth with no power or intermittent problems after it warms up it s probably due to the fact that back in the 1980 s and 1990 s roland and other synth makers used sub par solder and or not

enough solder to hold components in place, **roland jupiter x synthesizer** - iconic synthesizer with legendary sound and design the 61 key jupiter x is the peak of roland sound quality and design its all metal build uses premium materials throughout and the all new aftertouch enabled keyboard is the best we ve ever made, **sony st jx410 manual am fm stereo tuner hifi engine** - this website is not affiliated with or sponsored by sony to purchase st jx410 st jx410l spares or accessories please contact the company via their website or visit an authorised retailer, **jwin jx m89 splash proof cd player with am fm stereo** - jwin jx m89 splash proof cd player with am fm stereo shower radio and vanity mirror features splash proof design with circular vanity mirror self contained for portability supports repeat random and intro functions programmable memory for 20 audio cd tracks liquid crystal display, **sony st jx521 manual stereo am fm tuner hifi engine** - this website is not affiliated with or sponsored by sony to purchase st jx521 spares or accessories please contact the company via their website or visit an authorised retailer
